

# Trail Sign Program

## MOUNTING GUIDELINES

- 1) Metal Supports
- 2) Wood Supports 4X4 or other posts / frame
- 3) Single / Mounted Post of Support
  - a. Use a Bracket Style Mount w/ Extension if needed
  - b. Allows for dual sided signs (similar to road signs)
  - c. Single mount in middle will require use of hard backing on sign to support sign (addition of more material)
- 4) Dual / Twin post supported in 2 areas of sign
  - a. Allows 2 points of mounting of the signs
  - b. May not require any backing
  - c. Can be used with both metal and wood posts
  - d. Allows full support of signs
